

Consent Form – Electronic Notification

Dear Edgewater IV Owners,

Per Florida Statutes, Associations are now allowed to send communication of pertinent matters to all owners via electronic notification (email) such as Board meeting minutes, budget adoption meeting announcements, members meeting notices, memos, reminders, etc. The Board of Directors would like to move towards electronic transmissions in an effort to save money and to provide our members with immediate and timely association notifications with your consent.

We ask that you complete this form in order for the association to proceed with this beneficial and preferred method of communication to all our residents.

- If you elect to receive electronic transmissions of association business, you will be sent all pertinent association matters via electronic notification (email) only.
- If you elect *not* to receive electronic transmissions of association business, the association is obligated to send you notification of all pertinent association matters via regular mail.
